Destinations in this Option

Devil's Tower National Monument

Devil's Tower National Monument, located near Sundance, Wyoming, is a most improbable geological rock formation, sticking up a thousand feet in the air above the surrounding valley like some giant, prehistoric tree-stump. Devil's Tower was also the setting for the movie, "Close Encounters of the Third Kind."

Mammoth Site

For centuries the bones lay buried, until discovered by chance in 1974 during excavating for a housing development, when earth moving equipment exposed South Dakota's greatest fossil treasure. Fortunately, through the work of local citizens, the Mammoth Site was preserved. Today it is the world's largest Columbian mammoth exhibit, and a world-renown research center for Pleistocene.

Evans Plunge

Swim, splash and soak in the warm mineral water of Evans Plunge Mineral Springs. This indoor/outdoor pool is naturally filled by 5000 gallons of 87 degree spring water. With slides, children's' pools, Tarzan rings, tubes, and health club, it will sure to delight the entire family. Groups and buses welcome.

Broken Boot Gold Mine and Panning for Gold

Step into the Black Hills best underground mine tour and return to a time when the powerful punch of a miner's pick and the roaring boom of another dynamite blast signaled the ongoing search for the richest veins of gold on Earth.

Follow the path of ore cars deep underground into the century-old shafts of the Broken Boot. Walk in the footsteps of thousands of faceless miners who sought their fortunes in the dark and explosive atmosphere of black powder and candlelight.

Adams Museum

The Adams Museum is the Black Hills' oldest history museum. In 1930 pioneer businessman W.E. Adams founded the Adams Museum in downtown Deadwood with the purpose of preserving and displaying the history of the Black Hills.

The Adams Museum is home to some of the Black Hills' greatest treasures including Potato Creek Johnny's gold nugget, beloved American illustrator N.C. Wyeth's pencil sketch drawing of Western legend Wild Bill Hickok, the mysterious Thoen Stone record of the Ezra Kind party's discovery of gold in the Hills in the 1830s and a one-of-a-kind plesiosaur (marine reptile).

The Alpine Inn

Located on Main Street in Hill City at the historic Harney Peak Hotel. Featuring special dinner menu with European charm. Evening menu offers fine filet mignon steaks, homemade pastries, and fine desserts.

Overview

In 2015, the Medicine Mountain Scout Ranch & Adventure Base piloted our first Expedition: Black Hills program with Troop 110 from Kentucky and it was a great success and provided their unit with a once and a lifetime experience in the Black Hills.

In 2016, Medicine Mountain hosted several units that toured the Black Hills through our Expedition: Black Hills program. Our local team of experts will plan out a week long (Monday – Friday) adventure for your unit where you visit the sights and sounds on the Black Hills. This program is entirely customized to your unit

Alternatively, our team can also mix and match our camp program with the Expedition: Black Hills program. This allows units to get a tradition summer camp experience in addition to touring the Black Hills. Typically we see units participate in camp programming Monday through Tuesday and tour Wednesday through Friday.

The bottom line is that we can custom craft a week for your unit based upon what they want to accomplish on their trip to the beautiful Black Hills of South Dakota.

Getting to Camp

The Expedition: Black Hills program is based out of the Medicine Mountain Scout Ranch & Adventure Base located at:

24201 Bobcat Road
Custer, South Dakota 57730

It is the responsibility of the unit to arrange their travel to and from Medicine Mountain. At this time, our team does not arrange or serve as a booking agent for travel to and from Medicine Mountain. However, we have some general tips and knowledge to pass along from our personal experience with traveling to South Dakota.

- It can be expensive to fly into Rapid City, SD (RAP). It is the closest commercial airport to Medicine Mountain being one hour away.
- Budget airlines such as Allegiant fly into the Sioux Falls Regional Airport and could provide cheaper travel from various destinations.
- Most units opt to fly into the Denver International Airport, which is six hours away from Medicine Mountain. Transportation can be provided by our transportation group for an additional fee, however it may be cheaper to rent vehicles depending on the amount of people.
- For an additional fee, we also offer shuttles from the following locations: Rapid City Regional Airport (SD), Sioux Falls Regional Airport (SD), Gillette County Airport (WY), Pierre Regional Airport (SD), Fort Morgan Amtrak Station (CO), Williston Amtrak Station (ND), and Denver Amtrak Station (CO).
- Medicine Mountain does have ample room for the parking of off loading of large commercial coach buses. A number of troops choose to use this method to get to and from Medicine Mountain.
- Our team can arrange for special hotel rates for the drivers of commercial coach buses if your unit is looking for the bus to remain in the Black Hills for the week.
